Paax never wanted to be matched to a mate. The situation in his clan was dangerous for a hardened warrior, let alone a soft Human female without fangs or claws to defend herself. Sending her back to Earth was the only way to keep her safe. However, the moment the curvaceous woman stepped off the transporter, his tattoo burned with a passionate intensity heâ€™d never experienced before. Paax knew he would do anything to protect her, to claim her, even challenge the clanâ€™s violent Warlord. No force in the universe would take his mate from him. Matched to an alien warrior in the Draft, Mercy swore sheâ€™d do whatever it took to get out of the marriage contract. She liked her life on Earth and her independence. No one would take it away, not even the ridiculously hot warrior who demanded she call him husband! Why is being claimed by the horned muscular alien the only thing she can think about? She didnâ€™t want to stay, did she?
